Independent Accountant's Review Report

RSM US LLP

To the Board of Directors
Pacific Education Institute

We have reviewed the accompanying financial statements of Pacific Education Institute (the Organization), which comprise the balance sheet as of June 30, 2017, the related statements of activities and changes in net assets, and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagements in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Other Matter

The accompanying schedule of functional expense is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The supplementary information has been subjected to the review procedures applied in our review of the basic financial statements. We are not aware of any material modifications that should be made to the supplementary information. We have not audited the supplementary information and do not express an opinion on such information.

Notes to Financial Statements

See Independent Accountant's Review Report

Note 1. Nature of Activities and Summary of Significant Accounting Policies

Nature of activities: The Pacific Education Institute (the Organization) is a statewide 501(c)(3) not-for-profit corporation, incorporated in March 2003 under the laws of the state of Washington. The Organization's mission is to advance science literacy and deepen student engagement by empowering educators to teach real-world science outdoors.

A summary of the Organization's significant accounting policies follows:

Basis of presentation: The accompanying financial statements are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Net assets and support and revenue in the accompanying financial statements are classified based on the existence or absence of donor-imposed restrictions. Accordingly, for reporting purposes, net assets of the Organization, and changes therein, are classified as follows:

- Unrestricted net assets - net assets not subject to donor-imposed stipulations, which include certain amounts designated by the board of directors.
- Temporarily restricted net assets - net assets subject to donor-imposed stipulations that may or will be met either by actions of the Organization or the passage of time.
- Permanently restricted net assets - net assets subject to donor-imposed restrictions stipulating they be maintained permanently by the Organization.

The Organization reports gifts of cash and other assets as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported on the statement of activities and changes in net assets as released from restrictions. Restrictions met in the same year through satisfaction of purpose or time restrictions are also recorded as released from restriction in the accompanying financial statements. The Organization had no permanently restricted net assets.

Use of estimates: Preparation of financial statements prepared in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities, at the date of the financial statements, and the reported amounts of support and revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents: For purposes of reporting cash flows, the Organization considers money market funds and certificates of deposit purchased with an original maturity of three months or less to be cash equivalents.

Receivables: Pledges receivable are carried at the amount of the donor's unconditional promise to give. Grants receivable are recorded when the terms of the grant agreement have been met. Accounts receivable are carried at signed contract amount or original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts on a monthly basis. Management determines the allowance for doubtful accounts by regularly evaluating individual customer receivables and considering a customer's financial condition, credit history and current economic conditions. Accounts receivable are written off when deemed uncollectible. Recoveries of receivables previously written off are recorded when received. Management has determined that no allowance is necessary for bad debt at June 30, 2017.

Pacific Education Institute

Notes to Financial Statements

See Independent Accountant's Review Report

Note 1. Nature of Activities and Summary of Significant Accounting Policies (Continued)

Materials inventory: Inventory consists of materials to be used to support the Organization's programs, and is valued at the lower of cost or market.

Support and revenue recognition: Contributions, including unconditional promises to give, are recorded as revenue in the period received, less an allowance for uncollectible amounts, if any. Annual unrestricted contributions are recorded in the period confirmed. All contributions are available for unrestricted use unless specifically restricted by the donor. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Contributions received with donor-imposed restrictions are reported as restricted support unless the restriction is met in the same reporting period, in which case, the contribution is reported as unrestricted support. Revenue on cost-reimbursement grants is recognized when the related services are performed or the costs incurred.

Federal income taxes: No provision for income taxes has been made in the financial statements since the Organization is exempt from federal income taxes under Internal Revenue Code, Section 501(c)(3). Additionally, the Organization has done an assessment of any uncertain tax positions and has determined it has no uncertain tax positions to record as a liability at June 30, 2017.

Form 990, filed by the Organization, is subject to examinations by the Internal Revenue Service up to three years from the extended due date of each return. Generally, the Organization is no longer subject to income tax examinations by the U.S. federal, state and local tax authorities for years before 2014.

Functional expenses: Expenses are charged to program or support services based on specific identification, where feasible. Certain expenses have been allocated among the various programs and support services based on the time devoted by staff members to each of the services.

Recent accounting pronouncements: In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*, requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The updated standard will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative effect transition method. In August 2015, the FASB issued ASU 2015-14, which defers the effective date of ASU 2014-09 one year, making it effective for annual reporting periods beginning after December 15, 2018. The Organization has not yet selected a transition method and is currently evaluating the effect that the standard will have on the financial statements.

In August 2016, the FASB issued ASU 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities*, which changes presentation and disclosure requirements for not-for-profit entities to provide more relevant information about their resources (and the changes in those resources) to donors, grantors, creditors, and other users. These include qualitative and quantitative requirements in the following areas: net asset classes, investment return, expenses, liquidity and availability of resources, and presentation of operating cash flows. The standard is effective for not-for-profit organizations for periods beginning after December 15, 2017. Early application of the amendments is permitted. Management is currently evaluating the potential impact that the adoption of this update will have on its financial reporting.

Pacific Education Institute

Notes to Financial Statements

See Independent Accountant's Review Report

Note 1. Nature of Activities and Summary of Significant Accounting Policies (Continued)

In August 2016, the FASB issued ASU 2016-15, *Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments*. ASU 2016-15 provides guidance on how certain cash receipts and cash payments should be presented and classified on the statement of cash flows with the objective of reducing existing diversity in practice with respect to these items. ASU 2016-15 will be effective for the Organization on January 1, 2019. The Organization is currently evaluating the impact the adoption of this guidance will have on its statement of cash flows.

Note 2. Restrictions on Net Assets

Temporarily restricted net assets are as follows at June 30, 2017:

Purpose restrictions:

Preservice program/professional development	\$ 12,456
Regional program delivery	115,814
Total temporarily restricted net assets	<u>\$ 128,270</u>

Net assets released from restrictions are as follows at June 30, 2017:

Preservice program/professional development	\$ 46,630
Regional program delivery	297,941
Total net assets released from restrictions	<u>\$ 344,571</u>

Note 3. Support from Related Party

The Organization was founded through the leadership of individuals involved in the Washington Forest Protection Association (the Association). The Organization values the Association as one of its partners, along with state agencies, school districts and other organizations, working toward achieving mutual educational goals; however, effective December 31, 2016, the Association ended its support and funding. For the year ended June 30, 2017, the Association contributed approximately \$53,000 of services and support to the Organization, which are included in contributions on the accompanying statement of activities and changes in net assets.

Note 4. Major Funding

The Organization was again awarded \$1,000,000 in state funding through the Office of Superintendent of Public Instruction (OSPI) for the period July 2017 through June 2019. This funding is intended to continue the scale-up of the Organization program activities, specifically, implementing FieldSTEM learning across K-12 statewide. It is the Organization's intent to secure this funding on an ongoing basis. Support from OSPI represented 47 percent of total revenues for the year ended June 30, 2017, and 66 percent of grants and pledges receivable at June 30, 2017.

Note 5. Subsequent Events

Events that occurred subsequent to year-end have been evaluated by the Organization's management through October 23, 2017, which is the date the financial statements were available to be issued.
